

Federal Energy Regulatory Commission Requirements Relating to Filings & Comments

1. **Electronic Filing:** Electronic filings must be made through the eFiling under the FERC Online section at www.ferc.gov. Filings made via email will not be accepted.
2. **Paper Filings:** The original of paper filings must be mailed to the Secretary of the Commission. Submissions sent via the U.S. Postal Service must be addressed to: Secretary, Federal Energy Regulatory Commission, 888 First Street NE, Room 1A, Washington, DC 20426. Submissions sent via any other carrier must be addressed to: Secretary, Federal Energy Regulatory Commission, 12225 Wilkins Avenue, Rockville, Maryland 20852. Filings made through the United States Postal Service are subject to irradiation that may alter some contents.
3. **Interventions:** Under Rule 214 of the Commission's Rules of Practice and Procedure ([18 CFR §385.214](http://www.ecfr.gov/18/cfr/385.214)), a person must intervene to become a party to a proceeding. A separate intervention is not necessary in a subdocket related to a compliance filing if the party has previously intervened in that same root docket.
4. **Protests:** Under Rule 211 of the Commission's Rules of Practice and Procedure ([18 CFR § 385.211](http://www.ecfr.gov/18/cfr/385.211)), a protest may be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding.
5. **Service:** Under Rule 2010 of the Commission's Rules of Practice and Procedure ([18 CFR § 385.2010](http://www.ecfr.gov/18/cfr/385.2010)), all filings must be served on the parties to a proceeding as listed on the Commission's service list. With respect to filings initiating a new proceeding, interventions or protests submitted on or before the comment deadline need not be served on persons other than the Applicant. Late Motions to Intervene and Protests must be filed on all parties to a proceeding.
6. **Qualifying Facilities:** As it relates to any qualifying facility filings, the notices of self-certification [or self-recertification] listed above, do not institute a proceeding regarding qualifying facility status. A notice of self-certification [or self-recertification] simply provides notification that the entity making the filing has determined the facility named in the notice meets the applicable criteria to be a qualifying facility. Intervention and/or protest do not lie in dockets that are qualifying facility self-certifications or self-recertifications. Any person seeking to challenge such qualifying facility status may do so by filing a motion pursuant to [18 CFR § 292.207\(d\)\(iii\)](http://www.ecfr.gov/18/cfr/292.207(d)(iii)). Intervention and protests may be filed in response to notices of qualifying facility dockets other than self-certifications and self-recertifications.
